Dear Monica:

Enclosed is the 2017 Colorado Air Monitoring Network Plan, to satisfy the requirements of the Performance Partnership Agreement and the Code of Federal Regulations. This document follows the general requirements that are outlined in 40 CFR Part 58.10.

This document was available for public comment for 30 days from May 26 through June 27, 2017. Two external comments were received. These comments and responses are included in an appendix. Some minor editing was also done for grammatical and formatting errors, as well as for clarifications based on internal reviews.

We look forward to EPA's review of the Plan. Please let me know if you have any questions.

Sincerely,

Gordon E. Pierce
